Message from Coach

Dear Coaches,

*The 6th Annual Coaches Clinic will be our best yet. We have invited some of the brightest minds to come speak on a variety of topics. Like many of you, I am constantly trying to improve myself and learn more about this game that we love so much. In doing so, we have all attended clinics and have been able to take bits and pieces back to our own programs. This clinic is no different in that we are trying to provide as many different speakers and topics as possible to give the attendee many options. We have, what we feel, are some of the brightest minds when it comes to teaching the fundamentals and basics of football. **Please feel free to video tape any session you like and pass along the information.** We at Saugus believe that by educating coaches, regardless of level, team, league, or affiliation, we can make this sport more enjoyable for the players and fans alike. Thanks again for expressing an interest in attending our clinic and if you have any questions, please feel free to contact me at any time.*

Sincerely,
Jason Bornn
Head Football Coach, Saugus HS
